Game of the century! totally remind it for your first game on steam or overall. Great graphics, amazing game-play and its overall a fun experience.. Well to start off Wolves are just Freakin Awesome and making a game about them and being able to live as one is epic. Hearing about WQ3 has made this game hype. I love the pack hunting, protecting your pack from rivals and surviving the best you can in the wild 5/10-Controls-now with WQ3 coming out I am hoping theyu2019ll make the camera and controls way better. 6/10-Graphics- this version is out of date, but still a great experience and fun to play. WQ3 really looks beautiful and itu2019s release is right around the corner.. This game is great to play alone or with friends, I find it very fun hunting in the game because it takes a bit of skill. I also liked how you can choose what your wolf is like (with the strength, stamina, and speed sliders).. Game of the century! totally remind it for your first game on steam or overall.
